

Granulated sugars are the most **versatile** and **widely-used** white crystalline sugars

Granulated Sugar

Our 'standard' product is a high purity, free-flowing sugar. But we also offer a range of specially manufactured sugars designed to meet the needs of, and add unique benefits to, particular food manufacturing processes

Granulated Sugar

What makes granulated sugar special?

- A 'clean label' sweetness profile, unmatched by any other single ingredient
- A 'multi-purpose sugar', ideal for use in many different manufacturing processes
- A universal bulking agent, providing texture and structure
- Adds taste and enjoyment to so many different types of food and drink
- Pure and natural

Applications

- Standard granulated sugar is the ideal 'multi-purpose' sugar
- Select granulated sugar is perfect for biscuit and pastry manufacture
- BP/EP sugar is used in pharmaceutical applications

Product development

If you have a specific requirement not covered by our standard range please talk to us about bespoke options (and their lead times).

Technical information

All granulated sugars are **non-GM**, '**clean label**' and suitable for **vegan**, **vegetarian**, **Kosher** and **Halaal** diets

The Granulated Sugar range

Product (Product Code)	Properties	Benefits
